Selectmen's Meeting

JANUARY 7, 1986 - by VIRGINIA ARRAL

GATEWAY BUS SERVICE TEMPORARILY DISCONTINUED

Due to lack of patronage, the Gateway Bus Company has discontinued service between Buzzards Bay and Mattapoisett. The cut-off became effective January 4th. The bus, which originates in Wareham, also made stops at Onset and Marion.

Selectmen Chairman John N. DeCosta commented the bus service has been in operation for many years. "It was going when I was a young boy, and was used mostly by residents conducting business and shopping in Wareham."

A spokesman at Gateway Bus Company said the service will be resumed "when the demand is there. Before temporarily closing the service to Mattapoisett we had about one rider once a month," the spokesman added.

The spokesman said the service was originally known as The New Bedford and Onset Street Railway and dates back to the early 1900's and operated as trolley service. It was bought out by Henry "Hank" Hammond about 45 years ago, the representative explained.

The spokesman noted that if anyone wishes to have the service resumed please call the office in Wareham at 295-0028.

In other business, Selectmen:

GAVE an official resident count figure of 5,637 for the state records. The total count for the town records is 5,911 - a 50 count increase over 1984's 5871. The difference between the state and town count comes from the 284 students attending college out-of-town, figures the state does not use for its official town count, explained Town Clerk Lois K. Ennis.

DISCUSSED the two points of view concerning Twin Services, Inc., whose directors have applied to Selectmen to place an article in the town warrant for funds to aid the agency in servicing the town's nursing home.

Robert M. Coquillette, chairman of the town's Council on Aging, earlier notified the board he would be obligated to speak against the agency because, based on his investigations, he feels there is a duplication of services and that the agency has paid staff.

At an earlier meeting, John Fletcher and Howard Ferguson informed the Seletmen there were no paid staff, and that all were volunteers.

Executive Secretary Carol Adams, who is the board's representative to Coastline Elderly Services, said Coastline told her there would be a duplication of services between the town's Council on Aging and Twin Services.

Chairman DeCosta said Twin Services has taken residents of the Mattapoisett Nursing Home on day trips 18 times this past year versus the town's senior van only twice in the past year. The board agreed to send a memo to the Council on Aging urging they use the senior van more often for the nursing home patients. The board also agreed

to Selectman Frank Suzan's suggestion that Mrs. Adams contact Twin Services and ask outright, "is anyone paid?"

AUTHORIZED Mark Harding of 14 Shady Oak Drive to operate a limousine service in Mattapoisett. His operation originates in New Bedford and, even though he does not need a license to operate in town, he felt an authorization would be needed. The authorization is subject to clearance with Police Chief James Moran.

RECEIVED A COPY OF A LETTER sent by Ann R. and Henry G. Magendantz of Lincoln, Rhode Island and 38 Ned's Point Road, Mattapoisett, to Army Corps of Engineers regarding their objections to the petition of Arthur McLean for expansion at the Mattapoisett Boatyard adjacent to their property on Ned's Point Road.

Dr. and Mrs. Magendantz are primarily concerned with the possibility that the boatyard may in the future become a marina, as the proposal seems to indicate. They informed the Selectmen they would oppose this change of use, and sent a duplicate letter to the town Planning Board in hopes it would set clear limits on what will be allowed if the proposal is approved by the Corps of Engineers.

The letter to the Army Corps of Engineers read, in part: "My husband and I are part owners of the property immediately adjoining the boatyard to the southeast. We have no adverse comment to make on the construction and filling which has already been completed. We do have some concerns about the expansion, however. Over the 33 years my family has owned the property, we have

seen a great deal of expansion already. Along with this growth have come changes"-- they cited noise, traffic and trash. "We have found Arthur McLean to be readily available and sympathetic in case of any problem and have no complaint against him. However, the proposal calls for a 'marina' expansion and we were not aware that the Mattapoisett Boatyard has become a marina. A marina implies people living on boats which are tied up to a dock, a restaurant of some sort, shopping facilities, etc. Although we do not believe Mr. McLean has such plans in mind we are concerned that this proposal as worded might open the way in the future to still further expansion which could make living next door a liability."

Selectmen noted this information will be taken under advisement by the Corps of Engineers in making their decision; however, they felt Mr. McLean did not have this type of plan in mind for his expansion.

READ A COPY OF A LETTER sent by Joseph Rochette on behalf of the town Council on Aging to Com/Gas Company regarding his complaint concerning the condition of the sidewalk on Route 6 where it was disrupted during the recent installation of new gas pipelines. He asked that it be restored to its original condition.

His main concern was for the section between Railroad Avenue and the Chowder House, where he wrote there are at least seven senior citizens living in addition to those walking from the senior housing at Village Court to services on Route 6. He noted he recently followed a senior woman and was shocked at the difficulty she had to keep from falling. Crossing the street to use the cement walk is a possibility, but presents another hazard to a senior citizen.

Executive Secretary Carol Adams contacted Al Smith of Com/Gas who walked the area of the complaint on January 6th and indicated that his contractor will grade and level the present sidewalk and add a layer of stone dust. The work will take place as soon as the present cold snap clears. Mr. Smith also advised the Selectmen that the sidewalk from North Street to the Marion line will be completed in the spring.

MANSFIELDS AND APPEALS BOARD GO TO COURT AGAIN
by VIRGINIA ARRAL

Following another denial by the Mattapoisett Board of Appeals on December 19 to grant a Special Permit to the William E. Mansfield family to conduct a marina off Harbor Road, William E. Mansfield, Jr. has appealed the decision with the state Supreme Trial Court on January 7. Mansfield, Jr. is seeking to have the board's decision annulled, to allow the board to issue a Special Permit, and to grant such other relief the Court deems just.

First denied on March 20, 1980 to William E. Mansfield, Jr., the elder Mansfield appealed the board's action in Plymouth County Superior Court on June 9, 1980. At that time the Court annulled the town Appeal Board's decision. The Appeals Board sought to have the Trial Court's judgement annulled by the Massachusetts Appeals Court; the board's appeal was dismissed and the matter was referred back to the board with the Trial Court retaining jurisdiction.

With the next step, the town Appeals Board conducted another hearing and deliberation on November 21 and 24, 1985. A vote of four of five members is necessary for a favorable decision; however, the vote was three assenting and two dissenting.

Mansfield, Jr. of 10 Noyes Avenue sought a Special Permit in the family's five-year effort to furnish ice and to service moorings and to operate a marina in the Shell Beach property. Mansfield felt his proposed use is in harmony with the general purpose and intent of the Mattapoisett Zoning By-Law.

The board denied the petition based on it being more detrimental to the surrounding land and ocean area, specifically with regard to the addition of watercraft-emitted sewage effluent, which, in the opinion of the board, would not be controllable by the petitioner, with the likely impact of additional contamination to the water in general, the beach area, and the fragile eco-

logical system, especially as it relates to the shellfishing use of the area.

The board also finds significant increase in traffic will occur and will result in congestion both on the town ways providing access (Harbor Road and Mattapoisett Neck Road) as well as on the immediate access roads described by the petitioner. Additionally, these private access roads must accommodate two-way traffic.

Although the area is in a Marine Residence area allowing as a permitted use marinas specifically by Special Permit, the immediate area surrounding the specific plot is a mixed use area containing residential and underdeveloped lots. Also, the Board finds that there was inadequate evidence presented to convince the members that there would be adequate natural screening available during all seasons of the year to preserve the present private conditions of the neighborhood.

Candidates Gear Up for April

ANNUAL TOWN ELECTION - by VIRGINIA ARRAL

Selectmen Chairman John N. DeCosta is seeking re-election to a fourth term and has taken out nomination papers for the April 1 town election.

Mr. DeCosta has been chairman of the Plymouth County Advisory Board for eight of his nine years as Selectman. The Advisory Board consists of representatives from the 26 towns and the city of Brockton and oversees and votes on the County budget.

The incumbent says he loves Mattapoisett and its people. He feels the town has a very efficient government and that the three present members work well together as a team.

Others who have taken out papers for re-election include: Daniel C. Lee, Jr. to the Board of Health for three years; Ellen M. Driscoll to the Mattapoisett School Committee; Manuel C. Rosenfield to the Old Rochester Regional District School Committee; Mary Jean Blasdale, Trustee of the Public Library; Donald C. Wood, Water/Sewer Commissioner. Also, William O. Simpson, R. WE'VE GOT YOU COVERED.

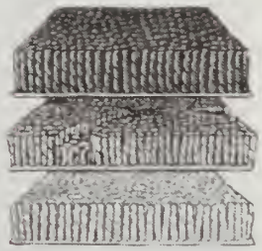
WITH STYLES.

Looking for a lush, plush saxony to sink your feet into? Or how about a soft,shimmering cut and loop? You'll find just what you're looking for in our huge selection of styles and textures from Galaxy Carpet Mills, one of America's leading carpet manufacturers.



WITH COLORS.

How about a soft, subtle earth tone to warm up the den? Or maybe bright, vivid decorator colors to add sophistication to your living room? We've got a Galaxy Carpet to fit any mood you want to create, and our staff of experts will make sure you get the exact color you need.

WITH BRAND NAME FIBERS.

For long-lasting beauty that will give you years of enjoyment, you can count on the brand name fibers like Wear-Dated,® Anso® IV, and DuPont Antron® that are used to manufacture Galaxy Carpet. They provide greater durability, easier maintenance and better resistance to soil, stains, and static.

AND WITH CONFIDENCE.

When you buy carpet your most important concern is to have no concerns. Our trained staff will answer your questions, show you the best product within your budget, then arrange for professional, worry-free installation. Complete customer satisfaction is the real product we sell.

So, if you're in the market for carpet, come on in. Between Galaxy Carpet and us, we've got you covered!

LETTER TO THE EDITOR

The Fire Station from its conception has been more to this community than a storage facility. The downstairs does contain four emergency vehicles. However, on the floor are also all the necessary racks and dryers for hoses, work benches, sinks, the rescue boat, and other appropriate apparatus. One tight corner houses the essential workings of our fire alarm system and communications.

Upstairs is a space used by many community organizations over the years, not the least of which include Girl Scouts, Explorer Scouts, Women's Auxiliary, and the Police Department. A crowded section has the Fire Chief's office with all the departmental files.

During the recent hurricane, this building became a touchstone for all persons involved in civic and personal maintenance of the community. People helped themselves to water for their houses or had hot coffee and something to eat for three days (thanks to the Women's Auxiliary).

To say that this structure is just a garage as stated by an article in the January 1st issue of the Presto is far from accurate. Our town needs are indeed growing, but we

color. The instructor, Mary Ellen Nochimow of Womihcon's Weaving Workshop, specializes in children's textile classes, rag weaving, basketry and fabric design. In addition to selling and exhibiting her work, she teaches children to explore their creative and artistic abilities through the study of weaving. Her primary goal is to give children an awareness that fiber is an integral aspect of life and to understand and value the importance of textiles both past and present.

POT LUCK DINNER AT PARISH HALL

Keith Krewson, Director of Industrial Relations and Management Training at the Foxboro Company, will be the guest speaker at the meeting of the Mattapoisett Congregational Church Couples' Club Saturday, January 18th. His subject is "What is Clear to You -- Is Very Clear -- to You". Uncovering and overcoming barriers to communication is what our speaker's intriguing title focuses our thinking upon.

The evening will open at 6:30 with a Pot Luck Dinner at the Parish Hall; please bring a main dish for 6 to 8 people; salad, dessert and beverage will be supplied. Also, please bring place settings.

Guests are always welcome. Plan on bringing them to enjoy the food and this fine program.

BOAT IDENTIFIED IN 1938 HURRICANE PHOTO

A Presto reader, Mary Furtado, has identified the lone boat riding out the 1938 hurricane and pictured on page 15 of the January 1st issue. The boat was owned by the late Lewis Bolles who lived on Water Street and the boat's name was appropriately "Why Worry".

Mattapoisett Council on Aging

We hope that all Seniors cut out our ad listing bus trips planned for 1986 as listed in the Presto of December 11, 1985. We hope that you avail yourselves of the opportunity to go on some of these trips. Those of us who went on the three day Bethlehem, PA. trip certainly enjoyed it and the fine New Year's Eve Party in the Allentown Hilton Ballroom.

The full payment for the 4 day Niagara Falls Festival of Lights was due Thursday, January 9th. This is a very late date, as the trip starts with the bus departing on Sunday, February 9th, but if anyone else is interested call Harold Roeder at once.

The 8 day cruise to Bermuda on the M/V Atlantic takes off on Saturday, May 3rd, and if you get your deposit of $250. in by Monday, January 20th, you will save $50.00. Final payment for this trip is due Monday, March 3rd. If you have never sailed on a luxurious liner like the M/V Atlantic, may I say from experience that there is no comparable vacation. You dance, dip, sip, dine, sun, shop and sail your way from New York to Bermuda aboard a spectacular floating resort. The Atlantic is a 5 star ship designed for cruising. She has two pools to swim in, 23 public rooms, including 2 entertainment

ation has donated $14,000 to the Rochester Council on Aging for the purchase of a vehicle. The check was formally presented to the Selectmen at their December 23rd meeting.

A committee is being formed to draw up the specifications so that the proper procedures for purchasing the vehicle may take place as soon as possible.

The Rochester Council on Aging is looking forward to that special day when the community service vehicle arrives and we shall be able to increase our transportation services.

$600. GRANT FOR SERVICES

The Rochester Council on Aging has received a grant of $600. from the Executive Office of Elder Affairs to provide a limited amount of heavy duty cleaning service to seniors in town. It may include washing of floors, windows, walls, stoves, refrigerators, etc. If you know someone who needs this service or you would like additional information please call the Council on Aging Office at 763-8723.

FUEL ASSISTANCE

Many senior citizens are eligible for fuel assistance but they never apply for it. Unfortunately, there are elderly who are struggling to pay their bills on a fixed income in an economy that has whittled away much of their purchasing power.

A large number of these people could be recipients of fuel assistance but for one reason or another they do not apply for it. If you or someone you know may be eligible for a fuel subsidy please encourage them to call the Rochester Council on Aging at 763-8723.

School or Diman Regional Vocational School from the towns of Marion, Mattapoisett or Rochester.

According to a recent vote of the Board of Education of the Commonwealth of Massachusetts, the Board amended its guidelines of January 27, 1981 with respect to the placement of non-resident students in approved vocational education programs.

Non-resident students wishing to attend approved vocational education programs, such as Bristol Agricultural or Diman Vocational must make known their intention to attend such a school prior to April 1 of the preceding school year for students going on to secondary education; and prior to February 1 of the preceding school year for students going on to post-secondary education. This notice applies to the 1986-87 school year.

Parents of secondary school children planning to attend such a school should contact

Lions' Calendar Sale

The Mattapoisett Lions Club once again will be conducting their annual Calendar Sale. The Lions Club calendars feature birthdays and anniversaries of Mattapoisett Lions Club supporters. Funds derived from the calendar sales are used to finance the many projects and charities sponsored by the Lions Club. This year, due to the absence of the Lions' Haunted House, the calendar project becomes the major fund-raiser for the 1985-1986 season. The calendar sale commences on Saturday, January 25th, and the Lions Club looks for the public's support toward this project. Members of the Mattapoisett Lions will be canvassing the town to sell their calendars.

If, for one reason or another, you are not contacted on January 25th or 26th there will be Lions Club members stationed at the Post Office and at the A & P on the following weekend.

Look in the Presto Press next week which will list many of the charities and projects of the Mattapoisett Lions Club.

What Causes Back Pain?

Aside from headache, backache is America's most common health complaint.

Mr. Jones' car was bumped from behind. He suffers back pain. Mr. Miller lifted a heavy box at work. He suffers back pain. Mrs. Boswell is expecting a child. She suffers back pain.

Not all back problems are due to severe strains or dramatic accidents. There are times when a relatively innocent act such as stepping off a curbstone or lifting a pencil from the floor is sufficient cause for back pain. Unexpected, awkward and off-balance movements of any kind can cause back pain and sciatica. This is because the pain may be the symptom of a spinal disorder compounded by structural weakness.

Pains of mysterious origin may be caused by spinal insults. Sometimes the symptoms of the back problem appear immediately, allowing the victim to correlate cause and effect. However, sometimes days or even months pass before pain appears, causing the victim to seek treatment for conditions other than the causative spinal disorder.

Persistent or recurring aches in the lower back and limbs may suggest a possible lower spinal or pelvic problem. This often requires a structural correction of the cause in order to relieve the condition. Although drugs may hide the pain temporarily, the spine and sacroiliac must be aligned to its proper position for normal function.

If you suffer from back pain, it would be wise to consult a doctor of chiropractic. He has made a special study of conditions related to the sacroiliac, spine and nervous system. He seeks to not only locate the problem and give relief from symptoms, but also to correct the fundamental cause as well as offer preventive, rehabilitation, and maintenance counsel.

of the children from 9:00 to 10:00. From 10:00 to 12:00 he will be going from class to class answering questions and autographing his books for the children who have them. Parents are invited to bring their afternoon kindergarten children to the 9:00 presentation and Mr. Brown will be asked to autograph their books also.

This program is being sponsored by the Mattapoisett Parent-Teachers' Club in hopes of encouraging reading, drawing, and imagination. We also feel that actually meeting the author of a book makes that book and books in general more real to a child.

variance from frontage requirements on the property at 15 Marion Road. Conditions include that the addition to the structure shall not be built less than 25 feet from abutting lots. Titus, an attorney representing a real estate developer client set up as Amadeus, Inc., said plans are for living quarters and not for business development.

The second variance was granted to Robert F. Noyer, 4 Crestfield Street, from rear set-back requirements to construct a single family dwelling on Prospect Road. The petitioner may build the structure within 22 feet six inches of the rear property line; all other set-backs must conform to certain requirements; no construction shall cause surface water to be diverted onto any abutting property. It was advised by the Appeals Board to have perc testing updated since testimony indicated the last testing was done seven years ago and also indicated that there has been serious flooding in the area recently.

Early Education Program
NEW
Pre-School Classroom Opening

Applications are currently being accepted for children, ages 3 years 10 months to 4 years 10 months, from Acushnet, Fairhaven, Marion, Mattapoisett and Rochester, to attend a new pre-school classroom for handicapped and non-handicapped children beginning in mid-February at the Marie S. Howard School in Acushnet.

Enrollments will be limited. For more information and an application form, please call Mrs. Barlow at 998-3433 between 9 a.m. and 2:30 p.m. Monday thru Friday no later than January 31, 1986.

was sponsored by the Mattapoisett Schools, according to Lorrie Hoeh, who led the sessions. The discussions were based on Systematic Training for Effective Parenting (STEP), the most widely used parenting education program in the country.

More than one million people throughout the United States, Canada, and other countries have participated in STEP, discussion groups and used the accompanying Parents' Handbook since the program was introduced in 1976 by American Guidance Service (AGS).

STEP encourages mutual respect between parent and child, increased cooperation, more effective communication, and a more responsible, self-reliant attitude among children. Locally, the program has been used twice in the past year by the Mattapoisett Schools. "Participating parents have been enthusiastic about the positive results they have seen in their families", said Mrs. Hoeh.

Local interest in parenting education is part of a nationwide trend. A recent nationwide survey conducted by AGS showed that parenting education is a growing phenomenon, sponsored by hundreds of diverse groups and organizations and conducted by thousands of individuals throughout the country.

The trend in parenting education is a result of many social changes in the U.S. These include changing roles for mothers, a shift away from the autocratic "Father Knows Best" value system to a more democratic viewpoint, and the increasing mobility of families.

Of the 1,300 STEP leaders who responded to the survey, 88% said they received positive feedback from parents about the program; only 2% reported any negative feedback.

The parents who participated in STEP groups said they found the program beneficial for many reasons. High on the list was the opportunity it provided for them to share experience and learn from others. Some STEP leaders spoke of networks of parents

that had grown up locally around the program. Others said that STEP enabled parents to "learn new ways to handle persistent problems", "to get in touch with their feelings and their child's", and to overcome a sense of guilt and develop a sense of confidence and self-esteem. STEP was also credited for improving participants' relationships with other people, including husbands and wives, employers and employees. Benefits cited for children included the opportunity for children to take more responsibility for their own behavior, a calmer, more relaxing environment in which to develop emotionally, and less spanking and parent "snooper-vision".

Another STEP group will be forming in Mattapoisett in February. For more information contact Mrs. Lorrie Hoeh at 758-6491, Mrs. Debbie Dahill at 758-4406, or Mrs. Kathy Hickey at 758-6597.

and teenagers will be the focus of a ten-week series of discussion sessions meeting each Wednesday from 7:00 to 9:00 p.m. at Old Rochester Regional Junior High School. The program is being sponsored by the Chapter I Parents Advisory Council for the Regional School District.

Discussion topics will be based on Systematic Training for Effective Parenting of Teens (Step/Teen) which is a sequel to STEP...The most widely used parent education program in the country. Step/Teen encourages mutual respect between parents and teens. It leads to cooperation, more effective communication and a more responsible, self-reliant attitude among teenagers.

Parents who have participated in STEP groups have found the program to be beneficial for many reasons: it provided an opportunity to share experiences and learn from others, allowed parents to get in touch with their feelings and those of their children, presented different methods for handling persistent problems and even helped improve participants' relationships with other people.

If you are interested in participating, please contact Leonard Gonsalves, Director of Chapter I at Old Rochester Regional Junior High School (758-4928). Don't wait too long - workshop sessions will begin January 29th at 7:00 p.m.

Juniors at the school.

The Spotlight Program at Southeastern Massachusetts University is an enrichment activity which provides a bridge into higher education for high potential 10th and 11th graders. The curriculum introduces students to the larger realm of creative intellect, artistic endeavor, social consciousness, and personal commitment.

The Old Colony students will join students from Greater New Bedford Vocational, Diman Vocational, New Bedford High School, Bishop Stang, and Tiverton High Schools in the Spotlight 2 Program.

ORR MATH COORDINATOR TO SPEAK AT CONFERENCE

Mr. Dwayne Cameron, mathematics coordinator of the Old Rochester Regional School District, has been invited to speak at the Second International Conference on the Teaching of Statistics in Victoria, British Columbia August 11-16. Mr. Cameron's presentation will discuss incorporating statistical methods and techniques into the existing mathematics curriculum at the secondary school level.

Mr. Cameron was a 1984 Woodrow Wilson Fellow in Statistics at Princeton and has given several presentations on statistics at both local and regional mathematics conferences and conventions. In addition to his duties as mathematics coordinator at Old Rochester, Mr. Cameron coaches the golf team, math team and chess team.

Engagement Announced

C. VERKADE AND M. HUETTEMAN

Mr. and Mrs. Robert C. Verkade of 14 Wildwood Terrace, Mattapoisett are pleased to announce the engagement of their daughter, Cheryl Ann Verkade, to Mark Bice Huetteman, son of Dr. and Mrs. Albert G. Huetteman of Pelham, Mass.

The couple will be wed May 31 at St. Anthony's Church in Mattapoisett.

Miss Verkade, a graduate of Old Rochester Regional High School School, received a Bachelor of Science Degree in Psychology from the University of Massachusetts at Amherst. She graduated Cum Laude and was a Dean's List student. She is now employed with American Income in Los Angeles, California.

Mr. Huetteman, a graduate of Amherst Regional High School, received a Bachelor of Business Administration in Marketing at the University of Massachusetts in Amherst and a Master's Degree in Business Administration in Finance. He is now employed as a Product Manager at Local Data in Torrance, California.

Letter to the Editor

Reading the first issue of the PRESTO PRESS to be published in 1986 certainly gave one an opportunity to reflect on the values of two "neighbors". Thank you, KATHRYN ELLIS NOWAK for your letter to the editor. It contained more statements relative to our real reason for being here than many, many sermons I have heard in numerous churches during my lifetime.

I was introduced to Mattapoisett in 1939 when my less than affluent parents and grandparents "chipped in" and rented (oh heaven) a summer cottage at Antassawamock Neck. The family ritual was for Mother, brother, sister and I to walk to Route 6, the siblings vying to be the first to see

the "Copper Kettle" which hung at the site of the restaurant of the same name. Dad and Gramp arrived on Friday night and joined in weekend walks.

As we walked possibly 3, 4 or 5 cars passed us. An uneducated guess is that now 100 or more cars would use the road during the same period of time. How great it is that so many more persons are able to enjoy the tranquility, beauty and summer fun which this area of Mattapoisett provides.

The impossible happened in the early 60's when a summer retreat was purchased at Harbor Beach. My family finally had the opportunity to own a tiny piece of Mattapoisett with its combination of wonderful people, exceptional and numerous beaches, fine churches, excellent restaurants, weekly band concerts, square dancing, dedicated and efficient Police and Fire Departments, a friendly and cooperative Town Hall Staff (an exception), a well rated School System, enjoy boating, fishing, swimming, water sports, etc. Yes, a little piece of heaven fell our way one day.

Members of this family have traveled North Street many, many times either going or coming to or from our winter home, going to or from the landfill area or visiting relatives or friends. The trip up or down North Street

is a slower than normal one as we constantly look to admire the well-kept homes, the admirable landscaping and the many beautiful flower gardens.

Apologies to Henry Dunseith if I, any members of my family, friends, neighbors, visitors, truck drivers, etc. have been guilty of "messing up" what is possibly considered his private domain. Could this be a case of let the cars and trucks roll on but for heaven sake make them go by someone else's house, not mine?

The Almighty would not have created such a beautiful area (the Town of Mattapoisett) if he did not want many, many neighbors from near and far to live in, visit and enjoy its many pleasures.

Lloyd Center

CROSS COUNTRY SKI OR HIKING EXPEDITION

On Saturday, January 18th, starting at 9:00 a.m. the Lloyd Center for Environmental Studies is offering an all-day cross country ski or hiking expedition through either Gidley Woods or Freetown State Forest. The location will depend on the amount and distribution of snow (if any) on the ground at that time. The Center will provide interpretation of the signs of life in winter as we travel through the pine and oak forests which make up a major part of southeastern Massachusetts' habitats. The charge for this program is $10.00 for Lloyd Center members ($12.00 non-members). People wishing to gain the discount on the program can join the Center at the time of registration. The ski/hike should last until 3:00 p.m., weather permitting.

Winter is perhaps the best time of year to observe birds and evidence of other wildlife found in our forests. Many migrants which winter in our area use cones and seeds as food and can be seen flying and feeding in the pitch and white pines found at both Gidley Woods and Freetown. Mammals leave evidence of their presence in the snow and we expect to find some evidence of fox and other predators as we ski or walk from

WINTER WILDLIFE

Winter Wildlife is the topic of the Lloyd Center's Weekly Walk to be held on Sunday, January 19th, at 1:30 p.m. We will convene at the Lloyd Center, 430 Potomska Road in South Dartmouth, to investigate signs of wildlife. This program is free but advance registration is requested by calling 990-0505. The group will inspect the edges of salt-marsh and fresh water areas and search for animal tracks, scats, animals' homes, and discuss the various behaviorial and ecological aspects of winter survival of mammals found in the 55 acre property of the Center.

Some live-capture traps will be set up to show some of the secretive and shy small mammals that inhabit the earth's floor. If there is snow we may be able to compare various tracks and follow the activity of that particular mammal. Mammals active at this time of year include white footed mice, weasels, cottontail rabbits, red fox, deer, opossum, raccoons, skunks, various squirrels and other species.

Much of the time will be spent outdoors so please dress appropriately (i.e. layered clothes, hats, mittens and gloves). Careful and quiet observation is needed in order to discover creatures during any season.

"PETS ARE WONDERFUL"

"PETS ARE WONDERFUL EXHIBIT" opens at the Children's Museum in Dartmouth on Saturday, January 18th, with lively puppies and kittens, continuous video presentations and heartwarming photographs of people and their pets. The exhibit explores the many benefits that dogs and cats provide while communicating the joys and rewards of responsible pet ownership.

This entertaining and enlightening exhibit offers museum-goers a look at the multi-faceted role pets play in our lives. From protector to pal, dogs and cats are an integral part of our lives and culture. The exhibit examines the physical and psychological benefits of pet ownership.

The pet hours will be filled with adorable puppies and kittens from the New Bedford Animal Rescue League periodically. On exhibit are award-winning photos from the "PETS ARE PART OF YOUR FAMILY CIRCLE" national photo contest.

The PAW exhibit, sponsored by the Pets are Wonderful Council, is open to visitors of the Children's Museum in Dartmouth.

Family Asthma Education

AT ST. LUKE'S HOSPITAL

A new program for youngsters ages 6 to 14, who suffer with asthma, and their parents is planned to begin on Thursday, January 16th. The Greater New Bedford Family Asthma Workshop will meet on five consecutive Thursdays from 6:30 to 7:45 p.m. through February 13th at the White Home of St. Luke's Hospital of New Bedford.

All area youngsters and their families are invited to attend the program. Each session will include breathing exercises and body relaxation techniques to aid the youngsters in coping with or preventing an upcoming asthma episode. Discussions planned between health professionals and parents assist in family adjustments and lead to improved understanding of asthma, its symptoms, and how to recognize early warning signals of an asthma episode.

The educational program is co-sponsored by St. Luke's Hospital and the American Lung Association of Southeastern Massachusetts (ALS-SEM).

For further information families may call the Lung Association at 947-7204.

The Workshop will be conducted at the Boys Club of New Bedford, 166 Jenney Street, New Bedford (between North and Hillman Streets) from 9 a.m. to 12:30 p.m.

The purpose of the meeting is to discuss basic requirements for setting up a new business or improving one already in operation. The service is provided by the Small Business Administration and SCORE in the interests of the economy of our communities and is furnished without charge.

Speakers will include a banker, an attorney, a certified public accountant, and a tax specialist.

Interested individuals are requested to register by mail or telephone to the SCORE Office in the Hastings Keith Federal Building, 53 North Sixth Street, New Bedford.

You and Me Baby

The Greater New Bedford YMCA announces You & Me Baby. It is a prenatal, post partum program designed for the expectant mother who is concerned about her health and the health of her baby. The goals of the program are to offer social support for the pregnant woman throughout the pregnancy; to provide exercise routines; and to encourage growth of the family, nutritional awareness and life-long commitment to wellness.

Newbury College

SCHEDULES SATURDAY SESSION

A Saturday morning course in Word Processing Skills, beginning January 25th, is featured on the spring schedule at the New Bedford Campus of Newbury College. Other morning classes, which supplement the regular evening program at Newbury's New Bedford High School campus location, include BASIC Programming I, on Tuesday mornings beginning January 21st; and another section of Word Processing Skills on Thursday mornings beginning January 23rd. The morning classes are held at Newbury's Administration Office/Computer Center, 410 Parker Street.

The Word Processing Skills course is designed to introduce the student to the basic operations of word processing equipment through an intensive hands-on approach. Training is provided on Newbury's state-of-the-art Digital Vax 11/780 equipment. Courses may be taken on an individual basis or for credit towards a certificate or associate degree program.

Registration for both day and evening classes is now going on at the Administration Office. For more information call 996-3138. Staff members are available for academic and financial aid counselling.

Newbury College is accredited by the New England Association of Schools and Colleges and offers 28 degree programs in 13 locations throughout the New England area.

players of these ancient Andes instruments are three South Americans who make up the Tahuantinsuyo group, the name the Incas gave to their empire. The musicians and six dancers will appear at 7:30 p.m.

The roots of Tahuantinsuyo's music are pre-Hispanic. The rhythm, harmony structures, melodies, and instruments are part of a long tradition of music played by the native South Americans. The music and instruments come from the highlands of Bolivia, Peru, Ecuador, and northern Argentina. The siku, rondador, and antara are three different types of pan pipes. The kena is a resonant cane flute, and the bombo a drum made from a hollowed tree trunk with animal skins stretched across each end. With these instruments, the musicians recreate the sounds of the legendary Inca empire.

"Their music might just possibly be the most interesting music on earth", wrote a reviewer for the N.Y. Daily News. "Eerie, haunting, unlike anything you've ever heard, it echoes out of a past so remote that civilized Europe had never even been imagined by its creators."

The group has performed at Lincoln Center, Avery Fisher Hall, and at the Central Park Folk Festival in New York City and

Shakespeare Course

Shakespeare had a perspective on life that is decidedly contemporary, according to an English instructor at Bristol Community College.

That's why he thinks his spring Shakespeare course is a fun and enlightening class for anyone, not just English majors or high-brow intellectuals.

Powers believes his approach to Shakespeare makes his class very different from most college Shakespeare courses. "First of all, we study the comedies, where most professors focus on Shakespeare's tragedies," he said. "And I teach from the feminist perspective of Shakespeare's literature, which is my speciality." Powers studied feminism and renaissance literature at Harvard University.

Shakespeare is a three-credit course offered Mondays, Thursdays and Fridays from 9 a.m. to 9:50 a.m., which begins Thursday, January 23rd. Tuition is $88.50.

Powers' Shakespeare course is one of more than 250 day, evening and weekend classes slated for the spring semester. Registration is going on right now at Bristol Community College. Day College courses begin Tuesday, January 21st. Credit evening courses begin at the main Fall River campus on Monday, January 27th. Non-credit classes begin February 3rd. All credit and non-credit classes at the College's satellite campuses in Taunton, Attleboro, and New Bedford/Mattapoisett begin Monday, February 3rd.

THE LINGERING COLD IS BAD NEWS

How does your cold usually start out—cough, sore throat, sniffle? For each of us it is most often the same symptom for each cold. And usually your cold will run its course in about the same way every time. If it's not really a severe one you might even get rid of it without seeing your physician.

The cold you want to be extra careful with is the one that does not follow your usual pattern. Either it starts off differently or it does not respond to your efforts to treat it. Don't let this kind hang on, see your physician before something serious develops.

Driver Education

Enrollment for Driver Education at Old Rochester Regional High School is now taking place. A student must be 16 years of age or older to enroll. Students from ORR will be given first available seats as the program is a school sponsored program.

Please call the high school for further information. Registration period ends Friday, January 31st. The class will be scheduled to begin on Tuesday, February 4th.

Class charge for residents is $25.00. Driving hours for residents is $70.00. The class and driving hour charge for non-residents of the District is $110.00. Summer residents will be considered residents of the District.

Coming to Zeiterion:

On Thursday, January 16th, the Zeiterion Theatre will present Les Ballets Jazz De Montreal, the unique company that has become the vanguard for jazz dance fans around the world. Tickets are priced at $16., $14. and $12. for the 8:00 p.m. show.

Directed by Genevieve Salbaing, Les Ballets Jazz has, in its short ten year existence, earned critical acclaim for the company's innovative style and diversity. The combined works of choreographers such as Brian MacDonald and Lynne Taylor-Corbett with the music commissioned from such composers as Oscar Peterson and Michel Seguin provide an environment in which the talents of the dancers explode with a force that is stunning.

The marriage of their ballet training and jazz technique is compelling with the incorporation of soft, flowing movement

with sharp angularities and arcs. The innovative, dramatic choreography has brought the company to where it stands today, carrying the banner for jazz dance throughout the world while establishing a dance genre.

The New Bedford performance by Les Ballets Jazz will consist of seven dance numbers by the 13 member company. Using color, movement, light and sound, each selection is an expression of the emotion and passion that is the root of creativity.

For those who think that jazz dance is not their cup of tea, Director Salbaing has said, "Dance is dance. It shouldn't say anything. It should be emotional, vigorous, down-to-earth. I don't remember ever not having had a standing ovation. They all react the same way. You don't have to be sophisticated to understand what we do."

Typical of critical reaction was that of Michael Sheridan of "The Irish Press" when Les Ballets Jazz De Montreal debuted in Dublin: "...They have a sense of occasion, a grasp of decorum, grace, beauty...For the dance addict, for the jazz buff, for the aspiring disco mover, and lastly, but not least, for the man and woman on the street, this show is an absolute must."

For tickets and further information call the Zeiterion Theatre Box Office at 994-2900. Tickets can be charged to Visa, Mastercard, or American Express.
